

## **Suggested Packing List**

### **Bedding**

You'll need a pillow and either a sleeping bag or sheets for a twin XL bed.

### **Towels**

You'll definitely need a bath towel. You may also want to bring a hand towel and a washcloth or bath pouf.

### **Toiletries**

Don't forget shampoo and conditioner, toothbrush and toothpaste, soap or body wash, and deodorant.

### **A Bible**

Any version you have is fine, but we want you to bring a real Bible, not just an app on your phone. If you don't have a Bible, let us know, and we'll have one waiting for you when you get here.

### **A notebook or journal**

We recommend a new, plain black and white composition notebook, but any notebook or journal is fine.

### **At least one school supply item**

Bring one or two school supply items to donate to students at a local school. Crayons, markers, pencils, or notebook paper would be good choices.

### **An old magazine or catalog**

If you happen to already have a magazine that could be cut up for a craft project, please bring it with you.

### **Clothes to sleep in**

Pajamas or shorts and a t-shirt are fine.

### **Clothes and supplies for Friday morning**

Bring whatever you need to wear for your requested breakout sessions. If you want to play basketball or volleyball, plan to wear your gym clothes and shoes. If you're going to piano, bring one piece of music that you're working on and one piece that you feel confident playing.

### **Clothes for outside fun and games**

Bring clothes that can get wet. We'd recommend a modest swimsuit and some kind of water shoes. If you'd rather wear shorts and a t-shirt or whatever you wore Friday morning, that's fine, too.

### **Clothes for Friday night**

Bring something to change into for worship and evening activities. If you want to wear jeans or something a little nicer while you're here, this would be the best time to do it.

### **Clothes for Saturday**

Bring black, gray, or khaki shorts that you can wear with your Spark conference t-shirt for our group picture. Choose something that will be comfortable to ride home in on Saturday afternoon.

### **Miscellaneous**

Do you need chapstick or ponytail holders? Wear glasses or contacts? Take medicine every day? Need anything else?
